# ABOUT US

## PLANT AND MACHINERY

- Work strength : 400 +
- Daily production : 1million meters +
- Number of manufacturing facilities : 2
- Exporting countries : 18
- Machinery and equipment :  
100 looms  
50 crochets  
200 braiding

## QUALITY

GRC follows the highest quality standards in all manufacturing department to ensure consistent and standardised supply of Elastics.

Our Motto:  
"Nothing but the best"

## CERTIFICATION

# ***DESIGN & INNOVATION***

**SHIMMERING ELASTIC MADE  
FROM METALLIC YARNS**

**BREATHABLE ELASTIC  
WHICH OPTIMISES AIRFLOW**

**LOCK-THREAD  
ANTI-FRAYING ELASTIC**

**FEATHER SOFT ELASTIC MADE  
FROM MICRO NYLON YARNS**

**GLOW IN THE DARK  
ELASTICS**

**ELASTICS MADE USING RECYCLED  
YARN FROM OCEAN PLASTIC**

# SUSTAINABILITY

At GRC, we make a conscious effort to lower the environmental impact by evolving the raw materials, processes and technologies.

## RAW MATERIAL

“Sustainable yarns are the way forward for a greener planet.”

- ORGANIC COTTON
- JUTE
- ECRU
- RECYCLED POLYESTER

## OPERATIONS

Reducing carbon footprint

- Installing A/C drive on all motors to reduce electricity consumption.
- We incorporate rainwater harvesting in our finishing processes.
- Less percentage of water used by 20% through machine modifications.

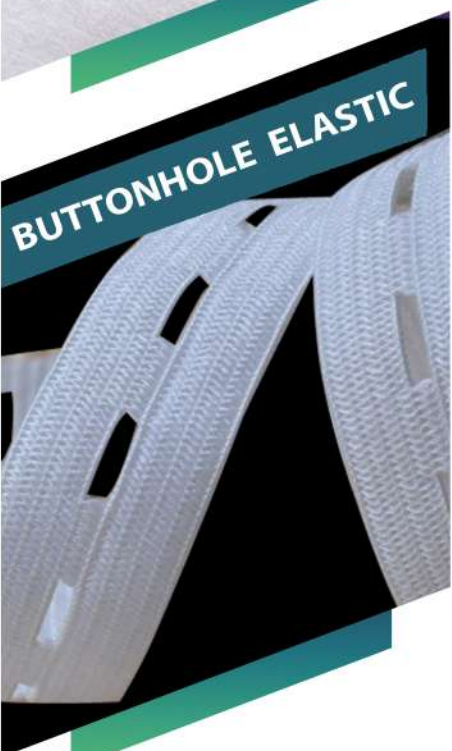

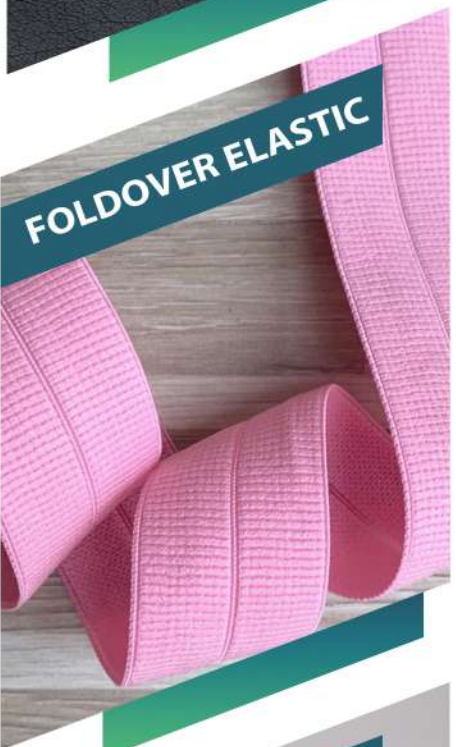

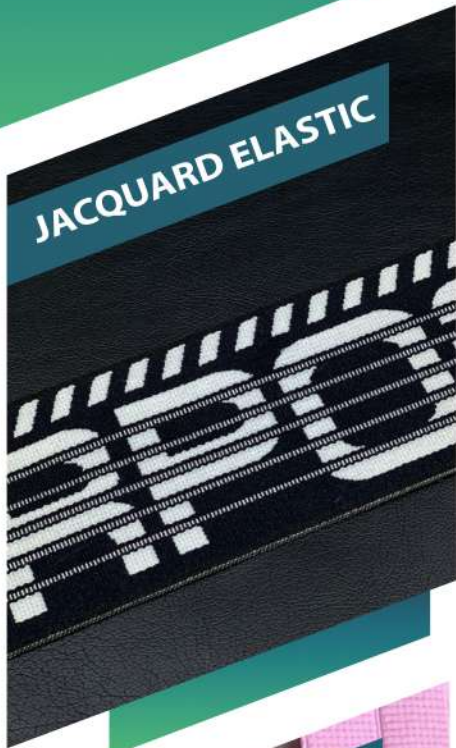

## SOCIAL

- Working with ethical world leading suppliers who share the same ethos.
- GRC believes in nurturing its employees and creating a safe workplace for their growth and development.
- We aim at zero work injuries.
